MTE User Manual - Classification Schemes

3.21

May 2009

NAASRA

NAASRA was used in Australia until 1994. It is a system classifying according to the total number of axles, the number of axle groups and vehicle wheelbase. There are 13 classes.

- **Units:** Metric (m)
- **Car class:** 1
- **Unclassifiable vehicle class:** 13

Class		Description	Axles	Wheelbase
S2	1	Car	2	0 - 3.0
