

New Header Format

What's New - MTE v3.1x

3.16

July 2005

New Header Format

Data files created using version 3 of MCSetLite or MCSetup have a new header format that is incompatible with MTE version 2. MTE version 3 must be used to analyse these files.

A version 3 data file can be converted to version 2 using the **Transform data file** feature in the File Tree.
